INVITATION

We are pleased to invite you to the Seventh International Conference on Asia-Pacific Financial Markets (CAFM 2012), held by the Korean Securities Association (KSA) on December 8, 2012 in Seoul.

Seven years ago, this conference was started to celebrate the inclusion of the Asia-Pacific Journal of Financial Studies (AJFS) in the Social Science Citation Index (SSCI). The occasion was particularly meaningful because an Asian academic finance journal had been listed in the SSCI for the first time. AJFS publishes articles bimonthly including a special issue published every April. Wiley-Blackwell has been chosen as a publication partner for the journal, and started publishing the journal in 2010. The impact factor of the journal has been around 0.4 and the AJFS Editorial Office has been working hard to raise this figure to the next respectable position.

In CAFM 2012, 43 papers will be presented in 12 sessions. These papers were selected among 91 papers submitted from 17 countries through blind peer-review process. The selected papers exhibit high standards of academic quality and cover a wide range of important contemporary issues. Among these papers, nine papers, including one best Ph.D. dissertation award, will be awarded for excellence during the conference.

This conference will provide a great opportunity for participants to discuss and exchange perspectives on the ongoing important issues in financial markets worldwide. Moreover, the conference will be an ideal venue for participants who wish to network with finance academics and industry experts from various countries.

We would like to express our heartfelt appreciation to all the sponsors who provided generous support for the conference. We also extend our special thanks to the members of this year's Review Committee who evaluated the academic paper submissions and to those of Local Organization Committee. Finally, we offer our sincere thanks to all participants-keynote speakers, paper presenters, session chairpersons, discussants, and attendees. Please enjoy the CAFM 2012 and make sure you take some time to enjoy dynamic city of Seoul and Korean culture.

Sincerely,

December, 2012

Myung-Jig Kim, President of the KSA
